2.0. INTRODUCTION

2.1. In line with relevant provisions of the Public Financial Management (PFM) law Ekiti State Government organized the consultative meeting in order to present the 2020 Audited Financial Statement to its citizens. The meeting is in line with the aim of the Government to be more financially transparent and accountable to the Stakeholders which comprised of representatives drawn from every community across the sixteen (16) Local Government Areas of the State on the 2020 Audited Financial Statement. Furthermore, it was an avenue for the government and the general public to have an overview of the actual financial position of the State in the current fiscal year, 2021.

3.0 OBJECTIVES

3.1 The intention of the Government for facilitating the meeting was to ensure that the State Government is accountable for its financial activities for the fiscal year 2020 in a manner that was structured around the four (4) cardinal programmes of the present Administration. It was also to ensure that Stakeholders were given the chance to give meaningful recommendations and suggestions on how the State could generate more revenue internally and also to allow them to air their concerns in the different service areas and documentation of same for Government consideration and action.

4.0 BUSINESS OF THE DAY

4.1 REMARKS BY THE HONOURABLE COMMISSIONER FOR FINANCE AND ECONOMIC DEVELOPMENT

4.1.1 The Honourable Commissioner for Finance and Economic Development welcomed the Governor and all the Stakeholders at the meeting. He also commended the Governor for approving the 2020 Audited Financial Statement Consultative Meeting. He also appreciated the Office Accountant, Office of the State Auditor General and other relevant MDAs for their efforts and diligence in the preparation and production of the 2020 AFS. The Honourable Commissioner informed the meeting that the meeting was convened in line with requirement of the State Fiscal Transparency, Accountability, and Sustainability programme for result.

4.1.3 The HCF&ED introduced the Stakeholders present at the meeting which comprised of Traditional Rulers and some of their chiefs from each community comprising (both men and women), Civil Society Organizations, Non-Governmental Organizations, Market Women, Artisans, Government functionaries and Political Office Holders. He stressed further that the attendance and report of the meeting would be published on the State Website.

4.1.4 The HCF&ED advised the Stakeholders to contribute meaningfully as their inputs are the vital ingredients for the State Government to do better subsequently.

4.2 REMARKS OF HIS EXCELLENCY, THE GOVERNOR OF EKITI STATE, DR. JOHN KAYODE FAYEMI

4.2.1 In his remarks, His Excellency, the Governor of Ekiti State, Dr. John Kayode Fayemi thanked all the Stakeholders for honouring the invitation. He stated that the consultative meetings on the presentation of the 2020 AFS was held to comply with the bottom-line tradition of the administration to ensure fiscal transparency and accountability.

4.2.2 The Governor emphasized the importance of the meeting to the development of the State. He expressed the intention of the present Administration to improve the State's Internally Generated Revenue (IGR) by blocking all loopholes through effective and efficient monitoring of all Government financial activities.

4.2.4 Additionally, the Governor also informed the meeting that the State's resources were limited and there was the need to collectively focus on how the sixteen (16) Local Governments in the State would generate more revenue that could be collectively utilized for the development of the State.

4.2.7 The Governor assured the people of the determination of his Administration to foster social development in the State. In conclusion, the Governor remarked that the totality of the 2020 AFS was geared towards creating an enabling environment for the restoration of core values of the State.

5.0 PRESNTATION OF THE 2020 FINANCIAL POSITION OF THE STATE

5.1 In her presentation, The AG/PG applauded the Governor for approving the Stakeholder's consultative meeting on the 2020 Audited Financial Statement. Mrs Ayo-Salami who represented the Permanent Secretary/Accountant General for the State presented a detailed and up-to-date paper on State financial position for the year 2020. This was done through a breakdown/trend of the revenues accruing from FAAC and the State Internal Revenue from January to December, 2020 as stated in the 2020 Citizen Accountability Report.

5.2 She stated that Ekiti State's aggregate revenue performance was 112.6% of the budgeted amount of ₦91.1 billion in the final budget this is equivalent to ₦11.499 billion upturn – both Federation Account Revenues (FAAC), Internally Generated Revenue (IGR), Aids and Grants performing significantly well above 100%. Aids and Grant had 144% performance due to the inflow

of SFTAS grants. On the expenditure side, the actual total expenditure is about N85.85 billion (5.8%) less than the budgeted amount which was N91.13 billion.

5.3 On Capital Expenditure, she said that there was an expenditure shortfall, with the least performance of 81.5%. She added that much of the recurrent expenditure in 2020 was obligatory in nature so, based on the revenue short-fall, capital expenditure was largely focused on completing ongoing projects. Some of the larger contracts were subject to delays due to weather and funding. These and the impact of COVID-19 pandemic necessitated the need for some amendments. Citizens projects were largely implemented as planned, albeit some minor carry over to 2021 as a result of funding short-falls.

6.0 THE INTERACTIVE SESSION

6.1 The interactive session was anchored by the Permanent Secretary, Ministry of Finance and Economic Development. He opened the floor for comments, suggestions, questions and requests from all the Stakeholders.

7.0. RESPONSE FROM THE STATE GOVERNMENT

7.1 The Honourable Commissioner for Finance appreciated everyone for their contributions and development strides in making Ekiti State great again. He however enjoined payment of tax by all Ekiti Citizens and not just Civil Servants alone, as tax payment was one of the most important IGR source to the State.

He further stated as follows:

- (i) that the State Government would continue to be more transparent and accountable in its financial activities;
- (ii) that the 2020 Audited Financial Statement had already been published on the State website (www.ekitistate.gov.ng)
- (iii) that the 2020 Citizens Accountability Report would be posted on the State website for their further comments;
- (iv) that the Ecological fund coming into the State would be well utilized to handle issues on erosion and other environmental challenges;
- (v) that the issue of Double taxation would be looked into and citizens would be enlightened on this;
- (vi) that market was important and as such abandoned market buildings would be completed and new ones built where necessary; and
- (vii) that the Government was particular about well-built structures that would last. He, therefore, encouraged local Contractors to be very competent as only good and capable ones would be engaged by the State Government.

8.0. VOTE OF THANKS

8.1 The Director, of State Finances, Ministry of Finance and Economic Development appreciated the Governor for his benevolence and hospitality shown to the people of Ekiti State. He also expressed gratitude to the Governor for making the Stakeholders' consultative meeting a reality.

8.2 Furthermore, he informed the meeting that the Stakeholders Consultative meeting was one of the requirements by the World Bank for the State Fiscal Transparency Accountability and Sustainability (SFTAS) grant. He mentioned that the SFTAS Grant would be one of the revenue lines for the State.

8.3 In conclusion, he thanked all Government functionaries and all other Stakeholders at the meeting for their cooperation and contributions.

9.0. CLOSING

11.1 The Stakeholders consultative meeting came to an end at exactly 1.35p.m with the recitation of Ekiti State Anthem.
