

# EKITI STATE OF NIGERIA

## DIGEST OF TRANSPORT STATISTICS

2020

*Produced by:*  
State Bureau of Statistics,  
State Secretariat,  
Ado – Ekiti.

## FOREWORD

Digest of Transport Statistics is one of the regular publications of Ekiti State Bureau of Statistics, an organ of government empowered to collect, compile, analyse, interpret, publish and disseminate official statistics on behalf of the Government of Ekiti State.

The current edition contains data collected on motor vehicles and motorcycles registered and licensed, driving licenses and learner permits issued and renewed for the year 2020. The document also contains Local Government vehicles identification codes. The publication is being produced to make information on transport activities available to all prospective users among which are the Government, Consultants, Industrialists, Researchers and Business organizations for planning, research and development purposes.

We are highly appreciative of the cooperation of the Internal Revenue Services (licensing offices), Federal Road Safety Commission and other stakeholders in the State for supplying the raw data on which this publication is based.

We look forward to more years of mutual cooperation while suggestions for the improvement of subsequent editions are also welcomed.

The Statistician General,  
Ekiti State Bureau of Statistics,  
State Secretariat,  
Ado-Ekiti.

## TABLE OF CONTENTS

### Table of Contents Observations and Tables

S/N	TITLE	PAGE
<b>CHAPTER ONE: NEWLY REGISTERED MOTOR VEHICLES</b>		4
1.1	Distribution of motor vehicles newly registered by type in Ekiti State, 2020	6
1.2	Ownership of newly registered motor vehicles in Ekiti State, 2020	7
1.3	Ownership of vehicle licenses renewed in Ekiti state, 2020	7
1.4	Distribution of vehicle licenses renewed by type of motor vehicle in Ekiti State, 2020	8
1.5	Number of renewed vehicle licenses by uses of the vehicle in Ekiti State, 2020	9
<b>CHAPTER TWO: NEWLY REGISTERED MOTORCYCLES</b>		
2.1	Ownership of motorcycles newly registered in Ekiti State, 2020	11
2.2	Distribution of motorcycles by maker in Ekiti State, 2020	11
2.3	Ownership of motorcycle licenses renewed in Ekiti State, 2020	12
<b>CHAPTER THREE: DRIVING LICENSES ISSUED AT THE REGISTRATION POINTS BY GROUP.</b>		13
3.1	Monthly record of driving licenses issued by category in Ekiti State, 2020	14
3.2	Driving license renewed by class in the State capital, 2020	14
3.3	Monthly record of motor vehicle licenses renewed in Ekiti State, 2020	15
3.4	Monthly record of learner's permits issued by FRSC in the State capital, 2020	15
<b>CHAPTER FOUR: ROAD ACCIDENT</b>		16
4.1	2020 RTC annual report inputs from Rs8.2 Ekiti State sector command and its component unit commands of RS8.21 Ido/Osi, RS8.22 Omuo Oke and RS8.23 Efon Alaaye and RS8.24 Oye	17-20
<b>CHAPTER FIVE: VEHICLE IDENTIFICATION CODE AND NAME OF MAJOR MOTOR PARKS BY LOCAL GOVERNMENT.</b>		21
5.1	Local Government Areas in Ekiti State and motor registration codes as at 2020	22
5.2	Names of major motor parks by LGA	23

## CHAPTER ONE

The chapter contains information on total number of motor vehicles purchased in the State, their type, ownership and uses.

Table 1.1 contains information on type of motor vehicles purchased across the State in 2020. It was revealed from the table that saloon car was mostly purchased which corresponds to 1,506(49.4%) out of 3,049 vehicles purchased, saloon wagon bought was 746(24.5%), mini bus accounted for (464) 15.2% .

It was observed that 8.5% and 2.5% of Pickup and Lorry were newly registered while no trailer was registered in the year.

Table 1.2 focuses on the ownership of newly registered motor vehicles in 2020. Statistical analysis of the table shows that up to 73.2% of the vehicles bought were for private use while 24.2% were for commercial purpose, 1.6% was meant for government while 1% of the vehicles bought were unstated.

Table 1.3 contains information about vehicle licenses that were renewed in 2020 with respect to commercial and private vehicle owners. A total of 6,725 vehicle licenses were renewed out of which a high percent of it being or 5,256(78.2% ) were renewed licenses of vehicles privately owned and the rest or 1,469(21.8% ) of vehicles for commercial purpose.

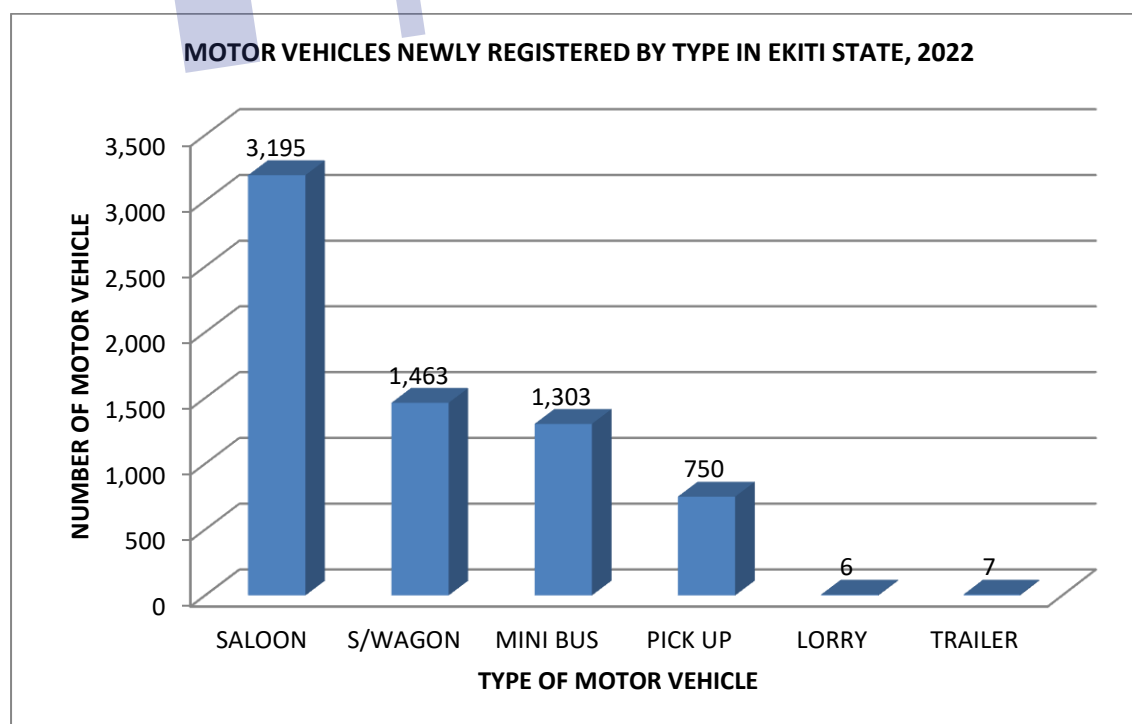

The information contained in table 1.4 focuses on different type of vehicles in Ekiti whose licenses were renewed in 2020.

It was observed in the table that 47.51% of the licenses renewed in 2020 were for saloon car while other vehicles put together (Pickup, Station Wagon, and Mini Bus) accounted for 52.3% with 0.10 % unstated.

Table 1.5 presents information on the uses of vehicles in Ekiti whose licenses were renewed in 2020. From the table, it was observed that 78.2% of the vehicles whose driving licenses were renewed were for private use while that of commercial purpose was 21.8%.

## **CHAPTER TWO**

The chapter contains information on the number of motorcycles newly purchased according to their type, uses and ownership.

Table 2.1 shows that 3,192 motorcycles were newly registered in Ekiti State in 2020 out of which 2,152 (67.4%) newly registered motorcycles were used for commercial purposes, 38 (1.2%) motorcycles were for official use, while 1,002(31.4%) for private use.

The distribution of newly purchased motorcycles according to their brands/maker was contained in table 2.2. It was revealed that 2,230 (70%) out of 3,192 were BAJAD product followed by TVS meanwhile JINCHENG,( 0.4%), HAJOUÉ(0.4% ) and SUZUKI(0.19% ) products were not so much demanded for in 2020.

Record of owner of motorcycles who renewed their licenses is presented in table 2.3. The total number of motorcycles licenses renewed in 2020 was 333 out of which 100( 30%) owners of commercial motorcycles renewed their licenses and the rest of 70 % were private owners in 2020.

## **CHAPTER FOUR**

The chapter contains information about the number of road accidents by type, number of vehicles involved, casualties, and local government of occurrence in 2020. Table 4.1 shows that the total number of road accidents that occurred were 94, which involved 446 persons and 151 vehicles. Out of these, 19 were fatal, 70 serious, 5 were just minor accidents with 25 deaths in all.

Table 4.2 shows that more male were involved, killed and injured in road accidents than female in 2020. Out of the 321 involved, 19 male were killed, 148 injured, as against the 125 female involved with 6 deaths and 65 injured.

Table 4.3 contains information on road accidents based on days of the week. The table shows that more than 10 road accidents occurs daily.

Information on analysis of road accidents by time of occurrence shows that most accidents occurred in the morning and afternoon. See table 4.4

It was observed from table 4.5 that cars and motorcycles are mostly involved in road accidents followed by bus.

Table 4.7 presents information on the age group of road accident victims. Out of 446 persons involved, 312 victims were in the range of 18 – 40 years followed by age group 41-60 with 59 people.

Table 4.8 shows that adults are more involved in road accidents with 403(90.36%) persons and 43(9.64%) children.
